

What Makes Us Different?

Attention to Detail

1. **PlanSwift Software** – Our estimating software gives us exact measurements and pricing on everything happening in your project. We don't guess at anything.
2. **Trade Specific Subs** – No subcontractor will perform any work on your project except what they excel at. Ex. Framers will not be installing windows. Cabinet installers will not be installing interior trim.
3. **Artistic Structural Code Standards**- We go above and beyond Mecklenburg County required code. We over-engineer everything. You will have a more structurally sound built home than what is standard.

Customer Service

1. **BuilderTrend Project Management Technology**- See a real time schedule of your project. Make selections and change orders from your phone or tablet.
2. **Fully Custom** – Pick out any finish or material. We give allowances on almost everything!
3. **Communication** – Email, text or call us 8am – 5pm during the week. Any anytime for emergencies. We will respond back within an hour.

Peace of Mind

1. **GC in Field, GC in Office.** You have an expert in the field managing the actual work (Daron GC #70053). You have an expert in the office managing the process (Drew GC #75904).
2. **2-10 Buyer's Warranty on all projects.** 1 year on all cosmetic, 2 years on all infrastructures (HVAC, Plumbing, and Electrical, 10 years on all Structural.
3. **Unlimited Building License** – There is no limit to the size of project we can take on.
4. **Fixed Final Price.** We will never increase the price after the contract is signed unless you make a change or go over on an allowance item.
